Your journey through the ACCA Exams

Professional ACCA Qualification

The ACCA qualification comprises of two levels (Fundamentals and Professional) which you need to pass in order to qualify as a Chartered Certified Accountant, provided you also complete the Ethics Module and the Practical Experience Requirements (PER):

- ▶ The Fundamentals level consists of 9 papers (3 Knowledge and 6 Skills)
- ▶ The Professional level consists of 5 papers (3 Essentials and 2 Options)
- ▶ The Ethics Module must be attempted before applying for membership. It can be completed once you are eligible to take P1.

Foundations in Accountancy (FIA)

Foundations in Accountancy (FIA) is the new entry-level suite of awards from ACCA which was first examined in December 2011.

These flexible awards focus on the core skills of financial accounting and management accounting and the wider role of the accountant in business.

At BPP you can prepare for the Diploma in Accounting and Business. You will then be exempt from the Knowledge Level exams of the main ACCA qualification upon completion of the following:

- ▶ FAB exam
- ▶ FMA exam
- ▶ FFA exam
- ▶ Foundations in Professionalism Module
